Trish is on for about 10 seconds saying that EPA is on site to conduct tests and collect information.

AP reiterated their request to get an on camera interview about our response to the Cabot letter, but we told the reporter that we would not be giving interviews of that nature.

This clip is up on CNN. Brief statement from our CIC. I would note that he did not identify that he had any affiliation with CNN or any news service. NB, some of us have had problems playing the video.

Didn't know if you had a chance to watch this video from the PM headlines. Trish is interviewed.

If you have problems viewing, let me know. I could view it just fine; Ron had trouble.
